New From Speed Passion GT 2.1 Brushless Speedo

Features

All new Dynamic Multi Timing System - "DMTS2.0", special design provides wide range powerful output for stock competition.

Hard anodized aluminum case and integrated heatsink provide excellent thermal efficiency.

Compact 21mm height specifically designed for 12th scale and mini applications.

New 30mm high flow fan for even greater cooling and enhanced ESC efficiency.

Specially designed for tight 12th scale applications and 1/10 Stock class racing, the GT 2.1 Pro Stock ESC is your answer for a small low profile ESC specifically for stock motor racing.

The GT 2.1 Pro Stock ESC features the latest top speed and rip enhancing Speed Passion software already preloaded, and uses the same USB update capability as the groundbreaking GT 2.0 so you can always have the latest software advances right at your fingertips. Featuring a tough alloy case and low profile heatsink hard anodized in your choice of shiny blue or serious satin black, the GT 2.1 Pro Stock keeps its cool under intense racing loads like no other. Take your stock or spec motor racing to a new level of configurability and performance with the Speed Passion GT 2.1 Pro Stock ESC! The new GT 2.1 Pro stock ESC preload the special design stock race software and profile, which is suitable for stock racing like 9.5T, 10.5T, 11.5T, 13.5T, 17.5T with 2 cell lipo.

Alternative software profiles can be downloaded from The Speed Passion website.
